

ASHIK RAJ

Full Stack Developer

ashikraj.78@gmail.com | +91-8989047460 | github.com/ashikraj78 | linkedin.com/in/ashik-rai-43aa5769

From the serene valleys of Dharamshala, India, I am a web developer with a designer's heart. Trained at the School of Planning and Architecture, Bhopal, I spent over 3 years crafting spaces before shifting my canvas to the digital realm. With 3 years in full-stack development, my passion truly shines in front-end design. Merging architectural elegance with web innovation, I bring a touch of artistry to every digital project.

Skills

JavaScript | Typescript | Next.js | React.js | Node.js | Express.js | CSS | Tailwind | Redux | MongoDB | Hasura | Git

Work Experience

1. Canvas Space: (<https://canvas.space>): Jan 22 - Present
